## ARTICLE 1: How should plastic packaging of fruit and vegetables be dealt with in the EU?

It should be banned.

**People should pay €1 extra  
for each plastic packaging.**

Companies should voluntarily give up  
plastic packaging.

### WHY?

- A fee is supposed to get people used to no longer buying fruit and vegetables in plastic packaging.
- Those who work hard and earn a lot of money can still afford the luxury of plastic packaging.
- In the end, everyone can choose for themselves.

## Get to know me better!

### Who am I?

I am 50 years old and come from Warsaw in Poland.  
Before I went into politics, I worked for a big company.

### Why am I in politics?

Politics should interfere as little as possible in the economy.  
Free trade, few laws, no bans - that's what I stand for.

### What is my job?

I am a Member of the European Parliament. There I negotiate with 719 others  
about what new laws there should be.

### Sounds exhausting?

It really is. But it is worth it. Besides, I am not alone!  
Everyone from the liberal group has the same goals:  
Freedom for the people and no unnecessary rules for the economy.

## This happens step by step:

**Meet in your country group**

Meet the other members of Parliament from Poland. Explain your positions.

**Meet in your  
parliamentary  
group**

Agree on common goals in your parliamentary group.

## Committee meeting

Represent your position in the Industry Committee.

**Meet in your  
parliamentary  
group**

Get an update on how negotiations are going.

**Committee meeting**

Try one last time to get your positions accepted.

## FINALE

## Plenary

Vote in plenary with all the other 719 MEPs on the new EU law.

## ARTICLE 2: When should the law take effect?

in 10 years

## WHY?

- Companies need time to change. New packaging has to be invented. New machines and new factories are needed.
- It is too expensive to change in the short term. The companies would go bankrupt.

**MORE REASONS/NOTES:**

This image shows a single sheet of white paper with horizontal blue ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper has a slight shadow on the right side, suggesting it's resting on a surface. The top edge of the paper is slightly irregular, like a torn piece of paper.
