ARTICLE 1: How should plastic packaging of fruit and vegetables be dealt with in the EU?

It should be banned.

People should pay €1 extra for each
plastic packaging.

**Companies should voluntarily
give up plastic packaging.**

WHY?

- A ban will destroy the plastic industry. Companies producing plastic packaging will have to close down. People will become unemployed.
- In Poland we don't have a problem with plastic. People don't want a law.

MORE REASONS/NOTES:

Get to know me better!

Who am I?

I am from Krakow and used to have a farm.
Since I've been in the European Parliament, I've been fighting for Poland
- and against the EU.

Why am I in politics?

I want my country out of the EU. Poland is overwhelmed with useless rules.
But we are a proud people and we can make our own rules.
I am fighting for my country to leave the EU again.

What is my job?

I am a Member of the European Parliament. There I negotiate with 719 others
about what new laws there should be.

Sounds exhausting?

It really is. But someone has to do it. Besides, I am not alone! Everyone in the
anti-EU faction has a common goal:
pushing back against the EU so that countries in Europe can be freer again and
the EU does not dictate everything anymore.

This happens step by step:

ARTICLE 2: When should the law take effect?

immediately

in 2 years

in 10 years

WHY?

- A voluntary regulation in 10 years will hurt the economy the least. At least it would give companies time to change.
- No law at all would be even better.

MORE REASONS/NOTES:

Art. 1: What does our group want?

How should plastic packaging for fruit and vegetables be dealt with in the EU?

☐

It should be banned.

☐

People should pay an extra €1 for each plastic package.

☐

Companies should voluntarily give up plastic packaging.

Art. 2: What does our group want?

When should the law take effect?

☐

immediately

☐

in 2 years

☐

in 10 years
